Press Information

German Trade Office Taipei

The German Trade Office Taipei (GTO) was established by the Association of German Chambers of Industry and Commerce (DIHK) as the Delegation of German Industry and Commerce in 1981 to promote economic relations between Taiwan and Germany and to represent the interest of German business in Taiwan. The GTO is the first point of contact in Taiwan for German companies, provides information on Taiwan and Germany, informs about investment opportunities in Germany and arranges seminars, networking events and symposia.

DEinternational Taiwan Ltd.

DEinternational Taiwan Ltd., the service unit of the GTO, organizes business delegations and market survey trips, represents German trade fair companies and offers bilateral market entry support as well as recruiting, training, office-in-office and other value-added services.

Meet Taiwan's industry-leading ornamental fish and shrimp at the Interzoo 2018 exhibition in Nuremberg, Germany

Launched in 1950, Interzoo has more than half a century of history. As the world's leading exhibition for pet supplies, Interzoo brings together the world's top pet relevant industries every two years. This year's exhibition is expected to host around 2,000 domestic and foreign manufacturers from more than 60 countries around the world. As a first-time exhibitor at Interzoo 2018 in Nuremberg, Dr. Susan Chang, Director General of Pingtung Agricultural Biotechnology Park (PABP), Council of Agriculture, Executive Yuan, will lead five manufacturers and one association to showcase the results of Taiwan's cutting-edge research and innovation within the field of ornamental aquatic animals and pet healthcare.

PABP will set up the agricultural technology pavilion in Hall 9, Booth 9-106 and 9-108 and will be represented by several industry-leading Taiwanese manufacturers, including HAN SHENG BIOTECHNOLOGIES INC., Jwo De Co., Ltd., Larmax International Co., Ltd., SKYFISH AQUA CO., LTD., TAIKONG CORPORATION and TAIWAN ORNAMENTAL AQUATIC CREATURE ASSOCIATION OF PRODUCTION, MARKETING AND RESEARCH. The PABP pavilion will boast a wide diversity of new ornamental aquatic species, aquarium plants, as well as accessories such as filters, food, and lamps. The displayed aquatic species will feature unique clown fishes, exquisite crayfish, ghost shrimps, Taiwanese bee shrimps as well as the newly cultivated Taiwanese pinto -- metallic blue serpent. In addition, Chinese herbal nutritional supplements that help to maintain a healthy intestinal system and strengthen the bones of pet cats and dogs will also be presented at the pavilion. The PABP Pavilion welcomes all visitors to come during their Happy Hour promotion at 2:00 pm on May 9th and experience the latest technologies within the aquatic animal and pet industry while savoring traditional Taiwanese delicacies.

Dr. Susan Chang stated that the ornamental aquatic animal- and pet healthcare industry has become one of the main developing industries in Taiwan. Taiwan boasts advanced technological know-how in fish propagation, giving it a major advantage of in the ornamental aquarium technology. Within the world aquarium market, six out of ten ornamental shrimps are from Taiwan, making it the world's largest exporter of ornamental shrimp. Taiwanese aquarium companies continue to research

and develop unique breeding technologies which, over the years, helped to win numerous prizes for ornamental fish and shrimp. Furthermore, they have been able to successfully establish a variety of popular ornamental fish species such as the clownfish.

In November 2014, PABP established the Yaitai Operational Center for Aquaculture, which aims to integrate Taiwan's top-notch aquaculture technologies and satellite fish breeding farm supply chain through the establishment of a world's first large aquatic production and sale base that streamlines R&D, breeding, inspection and quarantine, packaging, export and marketing operations with focus on a major market – China, and promote Taiwan into the world's hub for aquaculture biotechnology industry known for ornamental fish and aquaculture products.

PABP is the only science park dedicated to agricultural biotechnology in Taiwan, covering an area of 233 hectares. It is equipped with comprehensive software and hardware facilities for scientific research and development. Thus far 105 agricultural biotechnology companies have invested and joined PABP, making it one of the only agricultural high-tech clusters in the world.

PABP welcomes buyers from all over the world to discuss collaboration opportunities at our exhibition booth. Parties interested in the export and import of pets and aquatic species are also encouraged to inquire about investment opportunities and the possibility of setting up shop at PABP.

Exhibitors at the Interzoo 2018 PABP Booth:

- 1. HAN SHENG BIOTECHNOLOGIES INC.**
Chinese herbal nutritional supplements that support healthy intestinal system and bones of pet cats and dogs · Chinese herbal medicine for pet cats and dogs.
- 2. Jwo De Co., Ltd.**
Amphiprion, cichlidae, caridina shrimp and other freshwater and marine ornamental fish and shrimp.
